PETITION TO PLAY UP

To ensure we have balanced, fair, and equitable play; all players are required to register for the Division as determined by their birth date. Players may be eligible to Petition to Play Up to the next higher division as listed below. Flagstaff LL considers not only whether the player is sufficiently skilled to compete at the requested level, but also whether his or her skill level is such that participating in the level with his or her contemporaries would be unchallenging or present safety issues for other players. The fact that a player may have the skills necessary to play in the higher level is not sufficient reason alone to merit a “play-up” exception. The general policy is to never allow a player to skip a Division.

- League Age 5 ~ FLL does not allow a player to play up to A
- League Age 6 ~ may petition to play up to A if they played T-Ball the prior year
- League Age 7 ~ may petition to play up AA if they played A the year prior
- League Age 8 ~ may petition to play up AAA if they played AA the year prior

All Petitions must be submitted to the Board of Directors for review. Submitting a petition request **DOES NOT** guarantee approval to play up. As a board we will meet, review petitions, and vote accordingly.

A skills evaluation is required for petitions to play up. Players unable to attend a skills evaluation and are petitioning to play up, will be placed based on defined age and petition **WILL NOT** be considered.

Please provide a detailed explanation of the reasons you are submitting this petition and why you believe that your child should not play in his/her age-specific division:

I understand that this petition does not guarantee approval to “play up”.

Please email completed form to: flagllbaseball@gmail.com

If the petition is approved and player is allowed to play up, he/she is not guaranteed a certain amount of playing time. Please consider all scenarios before submitting the petition.
